*Trendsetting Innovation...*

# Company Profile

2022 Edition

*“Our vigorous attention to detail at every stage of the project is the primary reason that Vi-biZ is a preferred supplier for many of South Africa’s leading architects, property managers, specifiers and their discerning clients...”*

## A Little **About Us**

**Vi-biZ**, a private company supplying specialist turnkey boundary perimeter security fencing systems, in multiple market segments, commercial, industrial and mining sectors, locally and north of our borders into various African countries.

The **Vi-biZ** differentiating factor is based on service excellence, appropriate solution provision, unrivalled quality in product and workmanship, always at the right price.

There are no tasks too small or projects too large, that **Vi-biZ’s Vi-guard** range of fencing products and services do not cater for, having built a trusted reputation for designing, constructing and installing superior quality fencing and gate access systems.

**Vi-biZ** offers an extensive range of innovative, aesthetically pleasing, high quality product to secure people, property, premises and assets.

*“Always an outstanding result with exceptional value.”*
